A message from the CEO

Member Notice – Temporary Car Park Access Changes

Over the next six weeks, access to our car park will be reduced due to major upgrade works.

We apologise for any inconvenience this may cause and appreciate your patience during this time.

We are currently undertaking a large scale solar installation across the car park, along with a full resurfacing of the area. This important project will deliver long term benefits for our members and strengthens our commitment to sustainability.

Once complete, the upgrade will reduce our environmental footprint and improve the overall experience for everyone visiting the Club.

Thank you for your understanding and continued support as we invest in a more sustainable future for our members and the Dubbo community.

Rebecca Zaia
